

KETTERING ARCHERS

“The Way We Are”

As with all associations, our club has a few simple practices which we ask all members to observe, which reflect good manners and etiquette and ensure that we share our responsibilities.

In our case these are as follows:

- 1: All archers to affiliate to the GNAS/AGB/WA governing body of our sport.
- 2: All archers to arrive early enough at a shoot to assist with setting up the venue and targets, to set up their own equipment and to assist with clearing the venue at the end.
- 3: All archers to start the shoot together. Late-comers will be expected to set up their own targets without interrupting the shoot and will not be entitled to “catch up.”
- 4: Archers to remain on their chosen/allocated target..(maximum 4 per boss) unless otherwise directed.
- 5: Any archer noticing a problem with K.A. owned equipment, to report to the equipment Office as soon as possible.
- 6: Archers are requested, where possible, to bring the correct money for shooting fees.

Thank you.
