

## THE CHRIS MASON CELEBRATION LEAGUE

- The league will be open to all adult county archers shooting at all open county and county club shoots for a complete indoor and outdoor season (excluding inter county shoots, closed club shoots, or shoots not advertised on the county website)
- Entry is automatic, archers/clubs need do nothing other than to make sure that always use the same name on all entries (e.g. Bob or Robert) and that archers clubs are recorded on the results sheet.
- Only scores published on the County website will be taken into account.
- The league will start at the Kettering 'Chris Mason Memorial Worcester Shoot' and end at the County Outdoor Championships
- All archers will compete against each other irrespective of gender or bow specification
- The points system has been designed to first and foremost to encourage archers to attend shoots but also to reward those who shoot well. The points system is as follows:
  - 3 points for attending
  - 3 or more archers shooting in a bow style; 3 points for first, 2 points for second, 1 point for third
  - 2 archers shooting in a bow style; 2 points for first, 1 point for second
  - 1 archer shooting in a bow style 1 point
  - Archers will only be placed against other County archers, for example if there are to be 10 archers in a bow style and 5 are from out of County then points will be awarded to the first, second and third highest scoring County archers irrespective of where they are placed overall.
- For indoor rounds only single rounds will count. In the case of the Duston Triple only those entering the triple would qualify
- For outdoor shoots only those shooting at the correct distance for their gender would qualify (for example men shooting a York, women shooting a Hereford)
- As the County Field Shoot is a two day event double attendance points will be awarded, however points for first, second, third will not be doubled.
- In the event of a draw then the amount of shoots attended will be taken into account, the person who attended the most will win
- The league will appear on the County Website throughout the year and will be updated as soon as results are available, archers will be encouraged to challenge the league as it progresses should they have any queries with the points awarded.
- Good luck!
